

1 **WHAT IS CLAIMED IS:**

2 1. A USB adapter with a power connector comprising:

3 a USB adapter having a proximal end, a distal end, four wires, an USB
4 connector formed on the proximal end and a USB socket formed in the distal end,
5 wherein the two wires of the four wires are power and ground wires and the other
6 two wires of the four wires are data wires; and

7 two power wires having proximal ends and distal ends, and the proximal
8 ends are electrically connected respectively to the two wires that are power and
9 ground wires in the USB adapter.

10 2. The USB adapter with a power connector as claimed in claim 1,
11 wherein the distal ends of the power wires are connected to a power connector.

12 3. The USB adapter with a power connector as claimed in claim 2,
13 wherein the power connector is a USB connector.

14 4. The USB adapter with a power connector as claimed in claim 2,
15 wherein the power connector is a standard DC power connector.
